

EXECUTIVE DIRECTOR

The Bergen County Utilities Authority – provider of Wastewater Treatment Services for 47 Bergen County municipalities and Solid Waste Planning for 70 Bergen County municipalities – seeks qualified individual to become Executive Director.

Applicants will be expected to demonstrate requisite experience and high level management skills. Applicants must have familiarity and understanding of the codes, rules, regulations and requirements of the Federal, State, County or other governmental agencies exercising jurisdiction relating to the purposes of the Authority. In addition, applicants will be expected to possess executive management experience in the public sector and/or in a corporate environment.

Interested individuals are requested to submit their confidential response and curriculum vitae no later than November 26, 2010 to Thomas Logan, Personnel Administrator, PO Box 9, Little Ferry, NJ 07643.
